WELCOME TO LERWICK

From cracking competitions to
cosmopolitan culture...
we make it plain sailing.

All at Lerwick Port Authority welcome you and hope that we can make your stay at Lerwick as enjoyable as possible. At 60 degrees north, located at the crossroads of the North Sea and Atlantic, Lerwick is Britain's 'Top' Port – the most northerly commercial harbour in the country – attracting over 500 yachts annually, including repeat visits and international events.

As the main seaway to Shetland, Lerwick Harbour is “the place to meet-and-compete” for yacht crews in the northern North Sea.

A modern visitor berthing system at the heart of the Town Centre provides a sheltered stay with local eateries and shops only a stride across the street.

This guide has been designed to provide you with some general information about the facilities available at Lerwick and to help you find your way about town. The convenience of the Port's facilities and the many attractions of the islands, complemented by its location at a cross roads in northern waters makes Lerwick a natural port-of-call.

MARINE LITTER

Please dispose of any general waste in the skips on Victoria Pier rather than the small public bins.

Contribute to a Cleaner North Sea!

Lerwick Port Authority is a signatory to the Shetland Islands Litter Prevention Plan. Figures suggest that over 20,000 tons of marine litter is dumped annually into the North Sea. This makes marine litter one of the worst environmental problems in the North Sea region. The objective of Save the North Sea is to reduce marine litter in the North Sea by changing the attitudes and behaviour of the people using the area. Save the North Sea project has activities in five countries and in Shetland these are undertaken by KIMO International. Further information about the project can be found on their website at:

www.kimointernational.org

The Blue Flag Campaign

The Blue Flag is an international award scheme which acts as a guarantee to tourists that a beach or marina they are visiting is one of the best in the world. The Campaign is administered in England by 'Keep Britain Tidy' and is managed internationally by the Foundation for Environmental Education (FEE).

Award Winning Beaches

Shetland has some beautiful beaches, often enjoyed by locals and visitors. Five of our beaches were awarded Seaside awards, Tresta in Fetlar, Breckon Sands and West Sandwick in Yell, St Ninian's Isle and West Voe both in the South Shetland Mainland. Please help to keep our beaches clean by taking litter home, recycle it or put it in a proper bin. Bag and bin items of sanitary protection, nappies and other plastic products.
